## Florida House of Representatives – House Redistricting Committee Redistricting Update – January 21, 2012

### Redistricting Options Narrowed for Congressional and State House Maps

In yesterday's House Redistricting Committee workshop, committee members agreed to focus on the following specific options for the Congressional and State House maps:

- Congress: [HB 6005](#) (map [9043](#))
- State House: [HB 6011](#) (map [9027](#))

[Visit here for more details](#) about each.

Rather than wait till their January 27 Committee meeting to narrow the options, Committee members discussed how narrowing down the options yesterday would give the public and members of the House a clear picture of what will be voted on and what to draft amendments to. Following the meeting, [Committee Chairman Will Weatherford issued a statement](#): "Today, the Members of the House Redistricting Committee agreed to focus on a single state House map and a single Congressional map. As chairman of the committee, I appreciate the many suggestions from the public, which are helping to ensure our options for maps further reflect the wishes of cities and communities across the state."

### Public Suggestions and Video Summary

During the meeting, Committee members heard presentations on additional public input that has been received since the House first released its options on December 6, 2011. That public input includes written testimony, which is viewable by [clicking here](#), and several recent maps submitted by the public, which are available at <http://mydistrictbuilderplanexplorer.wordpress.com/>.

Committee members and the audience also viewed a video presentation ([click here to view](#)) the House's Office of Public Information regarding how citizen testimony has been used to craft the House's options for redistricting.

As always, please let us know if you have any questions or need for additional information.
