Florida House of Representatives – House Redistricting Committee Redistricting Update – January 29, 2012

State House, Congressional and State Senate Maps Approved for the House Floor

Friday, [the House Redistricting Committee approved House, Senate and Congressional maps](#) to serve as Florida's political boundaries for the next decade. [Click here](#) to view the post meeting press gaggle with Redistricting Committee Chair Will Weatherford.

The three maps must still receive approval from the entire membership of the Florida House of Representatives. The Florida Senate would also have to concur on the State House and Congressional maps. The State Senate map is identical to the map approved by the Florida Senate.

The maps that passed the Committee are:

Last week, the House approved special procedures for the Redistricting Committee and the House Floor for redistricting amendments to ensure that members of the House and the public have an opportunity to view any amendments before they are voted upon.
