Subject: redistricting in the NW FL Panhandle

Dear Honorable Representatives, Senators and staff,

The position(s) you hold are to be highly respected as elected officials and I sincerely do, thank you for your service to the wonderful State of Florida.

Along with the respect and appreciation for your service comes the prestigious and somber responsibility of representing constituents. This is what I plan to address in this email regarding the redistricting of the area I live in, Panama City.

It is my understanding that Bay County [with the county seat of Panama City] is eligible to have its own Representative and Senator based on our size.

To that I state that it would be to the benefit of said Panama City/Bay County for the redistricting to accommodate our area with the Representative and Senator.

Therefore, I respectfully request that since we are eligible for the two positions that we be granted them to better represent our area rather than with both positions traveling so much of the Florida Panhandle for their meetings with constituents.

I trust this has been clearly stated to be accepted for consideration.

Respectfully,

[Mrs] Jackie Lynn Hayes

1712 Arthur Avenue

Panama City, FL 32405
