Subject: Senate District

Dear Sir or madam:

I am an eleven-year resident of Senate District 34. My address for the last 11 years has been 15827 S.W. 99th Terrace, Miami 33196.

Most of us in West Kendall have had no voice in the Senate for the last ten years. We live in a district dominated by Broward County, and whose senator has a decidedly Broward orientation and outlook. We in the West Kendall portion of Senate District 34 are always in the minority and, thus, basically disenfranchised.

I urge the House Committee on Redistricting to create a district in which the numerous populace of West Kendall has its own Miami-Dade county senator. I recommend that senate and house districts follow county lines wherever practicable.

Thanks for the opportunity to comment.

Dale G. Robinson
